Boutique Resort - Phuket

Guest Services & Info Transportation Options

Our prices are based on or lower than the going rates for outside taxi and limo services. The differences between our service and outside taxi services are as follows:

1. Our Drivers and Cars are fully licensed, bonded, and insured, most are not.
2. Our Drivers are not allowed to accept commissions or kickbacks for purchases you may make during your trip. They do not belong to the local "Taxi Mafia".
3. Our Drivers are accountable to the hotel and not to themselves. In the case you have any complaint you can simply complain to us and something will happen.
