PACIFIC CLUB RESORT
KARON BEACH PHUKET

Letter from the Owner / Chef

Dear Guest,

It has been a long time since I opened our first restaurant in Karon Beach back in 1989. It was the first internationally owned outpost for weary foreign travelers to relax and enjoy natural beach and international food for for the first 4-5 years. Of the few other foreigners who opened businesses back then, we are proud to be the only one still operating and continue to view the challenge of providing high quality Fresh Food at reasonable prices as our goal and we are pleased to have the opportunity to serve you.

Since we opened in 1989, many of our kitchen staff have remained with us over these 28 years. And over the last 20 years I've invited 5 Guest Executive Chefs work with us and share their knowledge. Aside from teaching, each of those Chefs each left us with a few signature dishes. So we hope you will find this menu varied, exciting, and different from any other restaurant in the world with many unique Signature Dishes. We Thank our our team for their dedicated professionalism helping to make this menu our best ever. We hope you enjoy :-)

And of course we have a big shout out for all the folks who have visited our restaurants over the years. Thank You so much for supporting us by enjoying our services :-)

Our Values have remained the same over the years :

Value - We focus on providing not only outstanding Food and Friendly service, but also we like our Guests to feel comfortable using our service every day :-)

Quality - We make almost everything homemade. For example: our Fresh Fruit Preserves at our breakfast buffet, Hot Fudge and other Fresh Fruit dessert toppings. Even most of our Thai sauces are homemade And at breakfast please don't forget to notice we have Fresh Fruit Juice options. And now we feature home baked whole grain breads as well.

Healthy - We use low sugar recipes when possible. We minimize salt, oil, and never use MSG. We also offer Gluten Free options and now more Vegetarian and even a couple Vegan options.

Due to Popular Request - We include Tax & Service in the prices shown, the price you see is the price you pay. Most Resorts add 19.9% to the price shown.

We pride ourselves in operating a professional kitchen at international standards We use use top quality environmentally friendly Ecolab products for sterilization. We invite Guests to inspect our kitchen and stock at any time.

YOUR COMMENTS ARE WELCOME.

Thank You,
Eric

**We Specialize in Fine Fresh Food and
Value for Money**

THANK YOU !!
For Dining with Us
